Re: Skinner Landfill Section 104(e) Information Request

Dear Mr. Kawecki:

I am writing on behalf of Aeronca, Inc. regarding the Section 104(e) information request contained in the May 24, 1994, general notice letter pertaining to the Skinner landfill. I am writing to request an extension of time of an additional thirty days to respond to that request. Additional time is needed because the individual assigned to the Skinner landfill matter, David Caudill, has been involved in labor contract negotiations that have made him unavailable to work on these requests.

You may recall that Aeronca was the recipient of a Section 104(e) information request in 1991, and provided all available information in its possession regarding the waste material that it sent to the Skinner landfill. Aeronca has no further information to offer in that regard. Accordingly, the only information that Aeronca has responsive to the current request that was not provided in response to the 1991 request is financial information. It is my hope that your need for that information is not so urgent as to prevent granting the requested extension.

Thank you for your kind consideration of this request.

Yours truly,

SAMUELS AND NORTHROP COMPANY, LPA
